LONG REEF GOLF CLUB SAFETY ALERT

Long Reef Golf Club (“Club”) is committed to a safe environment for both the course and the clubhouse. Every member has a role to play in the operation and maintenance of a safe facility. Please observe the following rules in regards to Safety.

1. If you see a safety hazard (something that can cause harm or injury) report it to the Office or Bar and complete a Hazard Report Form.
2. If you are involved in an incident or accident, report it to the Pro Shop/Office or Bar and complete an Incident Report Form.
3. If an injury is sustained by any person, contact the Clubhouse to obtain first aid assistance or to call an ambulance if considered necessary.
4. It is the player’s responsibility to determine if weather conditions (including the threat of lightning) make play unsafe and to take appropriate action (including leaving the course). Should the course become unplayable or if there is potential danger from lightning or weather the SIREN may be sounded in which case players MUST immediately leave the course.

ALWAYS SEEK THE ASSISTANCE OF TRAINED PERSONNEL.

When you report unsafe conditions or events every effort will be made to eliminate the risk or reduce the risk. Golf can be a high risk activity, particularly if we are careless.

REMEMBER, SAFETY IS NO ACCIDENT

MEMBERS USE OF COURSE

Members may play on the course outside competition times provided they:

- report to the starter before playing; and
- understand that public green fee paying players have priority on the tee. Members cannot reserve a time (outside competition times) unless they are playing with 2 green fee paying guests.
- Adhere to the “Practice Policy”.

Note that Greens staff have right of way at all times.

RIGHTS OF MEMBERSHIP

For details relating to entitlements, voting rights, playing rights for each membership classification reference should be made to the Constitution and By-Laws of the Club.

MOBILE PHONES

Players must ensure that mobile phones taken on the course do not distract other players. A mobile phone taken on the course must be switched off or in mute mode.

PLAYING ON THE COURSE

LOST BALLS

Always watch your own and your playing partners' balls until they finish, particularly if they are headed towards shrubs and rough etc. Play a provisional ball if the first ball may be lost (do not forget to declare a "provisional" to your marker). Please remember a maximum of 5 minutes is allowed to find the ball.

If the group behind is waiting, call that group through while looking for a lost ball.

SLOW PLAY

If a match fails to keep its place on the course and loses more than one clear hole on the players in front, it must invite the following match to pass.

The Match Committee will take appropriate action in accordance with Rule 6-7 (Rules of Golf) with any players who are continually slow.

WHO ME?....SLOW?

SLOW PLAY IS SELFISH PLAY

You are slow if you have one clear fairway ahead; you must call the following group “through” if they are waiting and then keep up with them.

You are slow if you do not, when possible, study your putt while others are putting and thus be ready as soon as it is your turn to putt.

You are slow if you are first to hit off and you mark your card before hitting off.

You are slow if you do not move as quickly as you can between shots or if you spend an inordinate amount of time conversing with other groups.

As a guide for the first group, on this course, an average of 13 minutes per hole is appropriate.

Therefore a comfortable time for the round is four hours. The lowest handicapped (adult) player is responsible for:-

1. Speed of the entire group
2. The decision to call through
3. The speed of the first group in the field

MOTORISED GOLF TRANSPORT

By-Laws and local notices regulating the movement of motorized golf transport must be strictly observed. As the motorised golf carts are not registered they must not leave the Club's leased area, but stay within the out of bounds pegs. The use of motorised carts by people not participating in the game of golf, other than Club staff during the course of normal business can only be authorised by the General Manager, the Board or the Club Captain.

Privately owned motorised golf transport must have the authority of the General Manager in writing prior to being used on the course.

Long Reef Golf Club Practice Facilities

The practice facilities are for the use of all categories of playing members. To allow equitable access for all members, for safety reasons and for the care of these facilities the following conditions apply:

Practice Range

- Play is only between designated roped off area.
- Shots **ONLY** to be played in a southerly direction.
- Balls must not be hit at or near the practice green or the 4th and 18th fairways.
- Balls are **NOT** to be hit past the **ORANGE** pole at the end of the practice range.
- Divots to be repaired with sand provided.
- Balls are to be picked up and not left on the range.
- Please remember when using the practice fairway that people playing a round of golf have absolute priority. If there is any danger of an ill-directed shot endangering a person playing on the course, you must refrain from hitting until that person is out of range
- For half an hour before and during the time a competition is hitting off, the practice fairway will be used for “warming or loosening up” only, and players will hit no more than twenty (20) balls each.

Practice Chipping Green and Bunker

- This green is for short game practice only and is restricted to play within 15 metres of the edge of the green. The green must not be used for putting practice, or long lofted approach shots.

Nets

- Play must be from the mats only. When practicing, be considerate, take care and protect the facilities.

Practice Putting Green

- No chipping on to Putting Green.
- Please do not stand in same position for multiple putts.

Practice Chipping Green (near Pro Shop)

- Play only within 5 metres of Chipping green.

On the Course

When playing a practice round or outside competitions on the course the following conditions apply

- Check in with the Pro Shop before hitting off.
- Maximum of **two (2) balls** can be played.
- ONLY** play from tee markers of the day.
- Must carry a sand bucket and fill divots.

CANCELLATION

Players cancelling their time should do so in a timely manner (no later than 30 minutes before their tee time) so as to cause minimum inconvenience and allow a substitute player.

REPORTING TO THE STARTER

On the day of the competition players must report to the starter 15 minutes prior to their tee-off time. If the player does not report 10 minutes prior, the Starter may substitute a player on the "Waiting List" if available. The late player will then be placed at the end of the waiting list or a later tee time. Continual late arrival may result in reduced privileges.

PLAYERS READY TO TEE – OFF

Players must be ready to tee off at the time displayed or that advised by the Starter. The penalty for a breach of Rule 6-3a is disqualification. However, if the player arrives at his/her starting point, ready to play within five (5) minutes after his/her starting time (see rule 6-3a), the penalty for failing to start on time is the loss of the first hole in match play or two (2) strokes in stroke play instead of disqualification. In certain circumstances the player's time may be re-allocated to the end of the field.

MEN'S FOURSOMES CHAMPIONSHIP

Qualifying round and Match Play rounds as listed in the Quick Reference guide.

COMPETITION VARIANTS

Combined Gross – Stableford

This competition is played in pairs with each partners' gross score added together to give the combined gross score on a hole. The total combined holes scores are added at the completion of the round to give the Combined Gross Score for the player pair.

Aggregate Stableford (4 players)

Same as the Combined competition, each partners stableford score is added together to give the Combined Stableford score for the hole.

Combined Net

Same as Combined Gross competition, each partners Net score is added together to give the Combined Net score for the hole.

Best 3 of 4 – Net

Played in exactly the same manner as Best 3 of 4 Gross, except that the players handicap and strokes are taken into account to determine each players Net score (rather than the Gross score) on each hole. For a net definition – see the Net competition type.

Hidden Holes (Stableford)

The hidden holes competition is the total of the stableford scores for each of the hidden holes selected. Scores on holes not included in the hole selection are simply ignored.

Eclectic

Competitors play two or more rounds and the eclectic score is the lowest score obtained at each hole on the rounds for a specific course. Sometimes the competitions extend over the whole season and the total score for the holes is subject to deduction of half the player's handicap held on the last day of competition.

American Stableford

A player records 4 points if a birdie is scored on a hole; 3 points for par, 2 points for bogey; 1 point for double bogey. Points over the 18 holes are totalled, then the player's daily handicap is added to that total Eg: Total points 42, Handicap 10, Score = 52. Winner is the player with the most points.

Irish Stableford

The Irish Stableford competition works differently for 9 and 18 hole competitions: In the 18 hole version of the competition the normal Stableford score counts for holes 1 to 6. The Stableford score for holes 7 to 12 are multiplied by 2, and then the Stableford score for holes 13 to 18 are multiplied by 3. In the 9 hole Irish Stableford competition the normal Stableford score counts for holes 1 to 3, the scores for holes 4 to 6 are multiplied by 2, and the scores for holes 7 to 9 are multiplied by 3.

Multiplier

In a multiplier competition, a team of 2 players have their Stableford scores multiplied together for each hole. For example, Bob and John score a 2 and a 2 on the first: this will make their combined score a 4. However, if Bob had a 0, this will make their combined score 0, regardless of John's score.

Best 2 multiplied by 3rd – Stableford

This competition must be played with either 3 or 4 players. For each hole – the best 2 Stableford scores are totaled together and then multiplied by the 3rd best Stableford score to give you the total score on the hole for the group. If 4 players are playing together, it allows for the worst Stableford score on the hole to be ignored. If only 3 players play together – all players Stableford scores count toward the hole. On completion of the round – the total of each of the best 2 multiplied by 3rd Stableford holes are added to give the group the Best 2 multiplied by 3rd Stableford score.

MOTORISED GOLF TRANSPORT

The use of motorised golf transport in Championship events is not permitted except in special circumstances decided by the Match Committee. (Caddies can use a motorised cart provided the player does not ride in, sit in or otherwise use the cart at any time).

KNOCKOUTS

- In Knockout Competitions matches must be played on or before the date set down for play. No extension will be granted except in special circumstances decided by the Match Committee.
- Entrance Fee per player must be paid to starter on day of play. No entry will be accepted after the published closing date and the posted draw is final.
- Knockout Competitions will be played as match play in accordance with the rules of golf and any local rules as may be determined from time to time.
- In Mixed Fourball Knockout women play from red markers, men from blue markers.
- Current Golf Australia daily handicaps to be used. Lowest marker goes to scratch and all other players receive full difference from lowest marker (no limits). Handicaps will be those shown by Golf link on the day of play.

HANDICAPS

Handicaps will be established and maintained in accordance with the Golf Australia handicapping system. Members desiring to establish handicaps, shall on being elected to membership, return to the General Manager three cards checked and signed by the respective markers, who shall be a member of a registered Golf Club. All 3 cards must be from Long Reef Golf Club.
